VTEC TURBO

POWERFUL ENGINE

Maximum performance requiring minimum effort. The New Honda Civic RS Turbo CVT and V Turbo CVT variants draw power from their 4-cylinder, 16-valve DOHC VTEC Turbo combustion engines, creating more enhanced acceleration response.

The VTEC Turbo engine* produces 178PS and 240 N-m of torque. This ensures the Turbo CVT variants deliver swift, quick pick-up and responsive handling, providing a smooth yet exhilarating driving experience on any road.

*RS Turbo CVT and V Turbo CVT variants only

V VARIANT

Honda GENUINE ACCESSORIES

Elevate your Civic's look and feel with a unique flair of authentic add-ons from Honda.

Contact our service representative for more details.

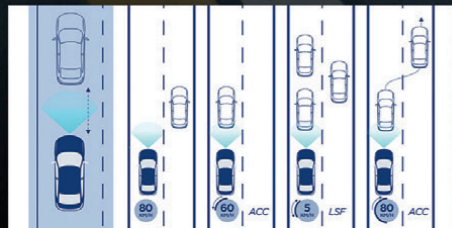

SAFETY THAT MAKES SENSE

Drive with confidence thanks to Honda SENSING, Honda's advanced driver-assist system.

Now made even smarter with improved cameras, Honda SENSING makes the New Honda Civic one of the safest cars to grace the road.

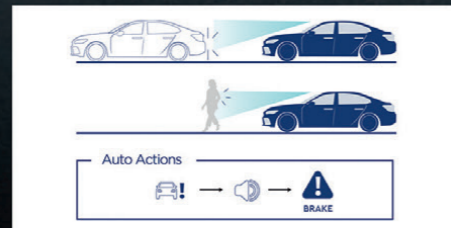

Honda SENSING

Adaptive Cruise Control (ACC) with Low Speed Follow (LSF)

Automatically adjusts speed and distance for smooth driving in stop-and-go traffic

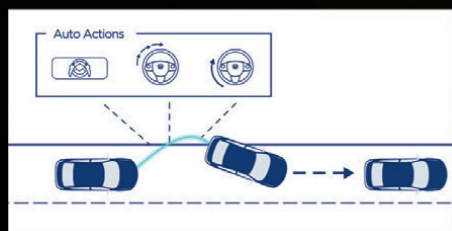

Collision Mitigation Braking System (CMBS)

Automatically brakes to help prevent or reduce the impact of collisions

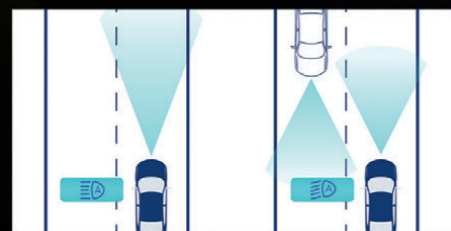

Lane-Keeping Assist System (LKAS)

Helps keep your vehicle centered in its lane, as well as when turning

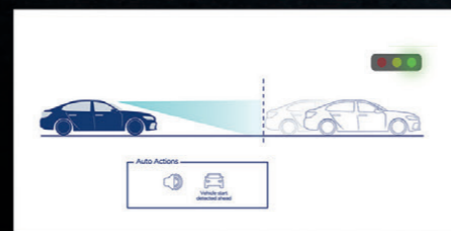

Road Departure Mitigation (RDM) with Lane Departure Warning (LDW)

Alerts and assists to keep you safely in your lane

Auto High Beam (AHB)

Automatically adjusts your headlights for optimal visibility without dazzling others

Lead Car Departure Notification (LCDN) System

Alerts you when the car in front starts to move

Honda SENSING still requires responsible and safe driving.

8 YEARS BATTERY WARRANTY
OR 200,000 KM, WHICHEVER COMES FIRST

HYBRID EXCELLENCE

No plug, just play. Honda's e:HEV Full Hybrid System complements the combustion engine, and makes the New Honda Civic RS e:HEV even stronger.

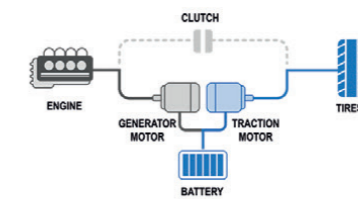

This superb addition makes it possible for the 2.0 e:HEV engine* to seamlessly switch between drive modes—a synergy of combustion and electric for that silent, exhilarating, and fuel-efficient drive. With a maximum power output of 141PS and a peak torque of 182 N-m, this engine delivers robust performance with optimal efficiency.

*RS e:HEV variant only

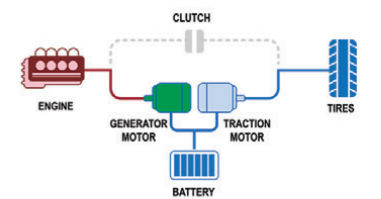

Here's how the e:HEV Honda Hybrid System works:

ELECTRIC MODE

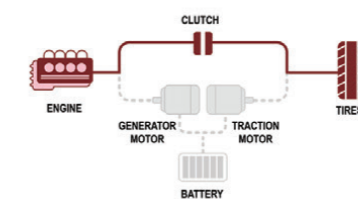

Powered solely by battery for an instant response.

HYBRID MODE

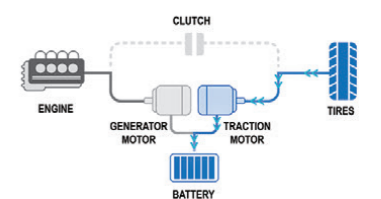

Petrol engine boosts motor for dynamic, fuel-efficient driving.

ENGINE MODE

Directly powers engine on fast roads.

REGENERATIVE BRAKING

Harnesses excess energy to recharge batteries.

SLEEK SPORTY SUPREME

A striking facade and an elegant boot, adorned by cascading contours, the New Honda Civic bears an iconic silhouette that looks as bold as it drives.

Google on the road

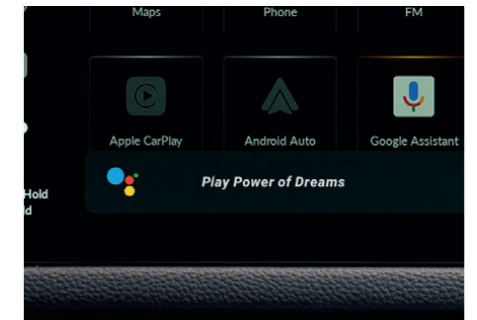

Never lose track of the world in the New Honda Civic, thanks to Google built-in. Experience the future of car connectivity: stay entertained, in-touch, guided, and assisted—all on command.

Google Maps
Set destinations and assess routes with your eyes on the road.

Google Play
Download your favorite apps to your car. Listen to music and more. Keep the fun going on the road.

Google Assistant
Make hands-free calls and control car features. Just say, "Hey, Google:"

- "Adjust the aircon temperature."
- "How much gas is left?"
- "Play my favorite song!"
- "Show routes to home."

...and many more.
